MELLIE-GRAMS

Mellie's Weekly Letter

We arrived here in Baltimore, Md., Monday about 10 a. m., the usual publicity stunts, etc. Put on the act in the p. m. as usual. The act has one over fine this week.

I have been to see the Washinton monument and the old shot tower where they made shot before the Revolution. They say the British tried to destroy it but failed. I have been in the oldest musical instrument store in the U. S. A. established in 1811.

They have a very large market here. You can find almost anything you want in the shape of food. I saw pickerel and yellow perch that reminded me of the home town products; also dressed coons, but they don't look like ours, no fat on them. Lots of sea food. It was a wondeful sight to see, the amount of meats, fish, fowl and other things.

Will try to write from Washington.

Yours,

Mellie.

The Dunhams Met President Coolidge

"Mellie" Dunham, the elderly fiddler from Norway, Me., added another star to his crown of fame when he called at the White House, Monday, and shook hands with the President. "Gram," his wife, who is touring with Mellie in vaudeville, "toted" him around to see Mr. Coolidge the first thing this morning, their first day in the capital. The President greeted him and Gram warmly and invited them to call again if they get to Washington a second time.

Nate Noble: Received a letter from Mellie, Wednesday, stating he arrived safely in Washington, D. C. and the act is making the strongest impression there. Mellie shook hands with President Coolidge and will visit the Smithsonian Institute where Peary's snow shoes "made by the Maine veteran are on display. All in the party are feeling fine.

"I had the pleasure of seeing "Mellie" in last night's performance at Keith's Theatre, Baltimore. The act went over big and the Old Home Town is getting a lot publicity from Keith's bill boards

"I had a talk with "Mellie" and his manager, Miss Trainor, and if the home folks have any fears for "Mellie's" well being, I feel they can rest assured he is being well cared for by his able manager.

Regards to all,
Donald S. Bartlett, D. D. S.

Mellie Writes Norway Wearies

He says: "Tell them to be good and industrious and at some time some of them may travel over the country and be shown to the public for money. Its great fun to be lead about on a string monkey-like eating peanuts and attending banquets."

BOWLING

Musketeers 867; Roughnecks 768

The Rough Necks again failed to live up to their name and the Musketeers swamped the boat. Tracy was high striker for singles and total with Paul Nevers second in both. "Ken" Smith made a good slide for second place but was caught off bases. The score:

Weary Club 1394; Smart Set 1375

The Weary Club (not the whittlers) put one over the Smart Set with a narrow score, Thursday night at Parrin's alleys. At the end of the third string the Smart Guys were leading with 21 pins but fell heavily during the last session. Somehow the Wearies forgot their name and injected a dose of kick into the game. They carried everything except Henry Vancourt, who hung to the wreckage and defeated his opponent, Bill Nye.

This punch in the last go sent the Wearies skyward and sent the game into their camp.

Bill Smith carried home the big swag of 505 in the total and "Count" Henry made second in the total with 495. The big Smith cleared the bar at 126 for the highest individual string.

C. J. Co. 1924; Lions 1331

"Count" Henry Vancourt's shoe workers lasted Paul Boynton's Lions into 60 pair lots at Parrin's alley Monday evening. Last week the shoe makers were torn to shreds by the husky Lions after a long run of fine fishing, the defeat was not permanent for the return was of the in-fighting kind.

Henry's bunch jabbed hard in the first string and secured a nice lead. They lost the second string but returned with big orders in the third. Chipman boosted his average onto the top shelp with 127 for singles, winning the highest individual run for the evening and setting the alley game record for the week.

Huff also showed the cave man stuff with 124 and a 302 total that was not touched. Chipman lacked two pins of reaching him.

Paul Boynton was big Lion for his den, winning first for single string and the highest total. Summary:

Mrs. Annie F. Knight

The remains of Mrs. Annie F. Knight, aged 72, a native of Norway were brought from Portland to Spiller's Funeral Home, Norway, on Thursday. Services were held Friday afternoon at the home of her brother George E. Durrell at Otisfield Gore, attended by Rev. Olin B. Tracy of the Congregational church.

She was the daughter of Isaac and Eliza Nutting Durrell and widow of Joseph Knight whose body was brought from Portland and placed in the tomb at Norway Pine Grove Cemetery about a week before the death of his wife. Mrs. Knight's remains are also in the tomb.

Mrs. Mamie Green

After a period of failing health, Mrs. Mamie Green of Arlington, Mass., passed away Sunday, Feb. 21, leaving one son, two brothers and one sister, George H. Robertson of Norway, Arthur Robertson of Rangeley and Mrs. Edda Andrews of Portland.

She was born in Bethel 61 years ago, the daughter of George H. and Caroline Virgin Robertson. While attending Gould Academy she made her home with Mrs. Miriam Farnsworth in the family of Dr. N. T. True. She married Arthur P. Green, who was in business in Norway some thirty-five years ago under the name of Green & Frost. They resided in Norway some years then settled in Massachusetts.

Mrs. Green early in life united with the Bethel Congregational church and had always kept her affiliation with that denomination.

Burial will be in the family lot at Bethel.

Walter S. Emmons

Walter S. Emmons, 66, died Monday morning at the home of his daughter, Mrs. Ralph Richardson, Elm street, after an illness of about two months. Mr. Emmons came to Norway from Madison last June to make his home with his daughter and family and while his health was not good, he was able to do some light work during the fall. He was born in Biddeford, the son of Joseph and Hannah Emmons. The family moved to Greenwood where the most of Mr. Emmon's life was passed. He was a farmer. Several years ago he went to Madison where he had employment at the woolen mill. He was twice married. For many years while a resident of Greenwood he was a member of Bryant Pond grange. Mr. Emmons leaves two sons and two daughters: George Emmons, Greenwood; Herman, Norway; Mrs. Lucy Richardson and Mrs. Hannah Yates, Norway; several grandchildren, one brother, William Emmons, Greenwood and a sister in Madison.

Services were held at Spiller's Funeral Home, Wednesday afternoon at 2 o'clock attended by Rev. E. B. Tetley, pastor of the South Paris Baptist church. The remains were placed in the tomb for burial at West Paris.

CONTEMPLATE ORGANIZING WOMAN'S CLUB

A number of ladies met at the home of Mrs. Chesley W. Nelson, Friday afternoon to talk over plans for a woman's club in Norway. Mrs. Nelson is sponsoring the plan and believes a club of this kind would be a worth while venture.

Rev. and Mrs. Arthur Langlois, who have been missionaries in West Africa talked interestingly of their endeavors in that field. Mrs. Langlois described how the natives live and dress and told many interesting things incidental to the mission. Specimens of cloth and mats, together with bead necklaces, a chief's steel knife and other curios were shown.

Mrs. Nelson has arranged a mass meeting for women at Community Hall, Thursday, March 11, at 3 p. m. Mrs. John T. Schofield, first vice president of the Maine Federation of Women's clubs will speak and it is expected the new club will organize at that time. All women are urged to attend and have a part in the community project.

The N. N. Club met with Mrs. Florence Smith, Mar. 2. An interesting program was enjoyed after the business meeting. Next meeting is with Mrs. Geraldine Woods, Tuesday evening, Mar. 9.

Mrs. B. G. McIntire, Mrs. Hugh Pendexter and Mrs. Elon L. Brown comprise the temporary committee in charge of arrangements for the mass meeting at Community Hall, Mar. 11. This will be for the organization of a Woman's Club. Mrs. Brown is receiving contributions for the expense of the meeting.

Heard at a pyramid tea: "Mrs. Steve Cummings has got her house cleaning half done. She is hurrying up so as to clean her father's house this spring."

Harry Rust Relief Corps served public dinner Monday for town meeting to a very good patronage. Closing the business at noon made considerable difference as many returned home to dinner. At supper time the ladies served a ten cent supper to good patronage. The Corps will hold regular meeting Tuesday evening, Mar. 9.

Norway High School

The Literary Club met February 24, 1926, with Mr. Lord as chairman. The feature of this meeting was a triangular prize speaking contest between South Paris, Oxford and Norway High Schools. The following program was presented:

Prayer .... Rev. Mr. Pearson
Song .... Norway High School Glee Club
Trial of Tom Grayson . Henry Swett, So. Paris
Laska .... Hilda Stineford, Norway
Curfew Shall Not Ring Tonight .... Dorothy McAllister, Oxford.
Song .... Norway High School Glee Club
John W. Jones .... Ruth Brown, Paris
The Romance of the Swan's Nest .... Evelyn Saleeby, Norway
Americanism .... Gordon Hayes, Oxford
The Soul of the Violin .. Ella Churchill, Paris
Who's Afraid? .... Phoebe Cobb, Norway
Piana Solo .... Miss Ada F. Reed
Judges' Decision .... Mr. Saunders of Oxford

The judges were Miss Dunning of Woodstock, Mr. Saunders of Oxford and Donald Partridge of Norway. Phoebe Cobb was awarded first prize, $10. Ella Churchill, second, $5.00 and Gordon Hayes honorable mention. The prizes were given by the W. C. T. U. of Norway.

The winnters of the Junior and Senior Typewriting Contest for February were:

Seniors: Evelyn Gilman, greatest speed, 52 words net; Mary Pride, most accurate, typed for fifteen minutes with no errors.

Juniors: Celestine Judkins, greatest speed, 39 net words; Bertha Towne, most accurate, typed for fifteen minutes with only two errors.

Miss Seabury of Boston, Mass., addressed the student body on Monday. Her talk was very much appreciated by all.

The senior girls aided the W. C. T. U. with their annual tag sale, on Monday. After school Monday night Mrs. Maude Decoster, president W. C. T. U., assisted by Mrs. Elizabeth Getchell and Mrs. Nettie Nevers, served appetizing refreshments to the senior class and faculty.

Friday night the Norway five will play its most interesting game of the season against South Paris. Paris won over Rumford last week and Norway defeated Gould's on the same night by the very small margin of two points. Public opinion name the two teams evenly matched. With the Norway boys on their home floor it is predicted that they will give Paris a "run for their money" at least.

The senior play will be presented Mar. 12, in the Norway Opera House. This is one of the hardest plays that the school has ever attempted. The situations are exceedingly funny, assuring everyone a hearty laugh and a guess as to the outcome. There are many new actors and actresses and altogether the drama is something different. Miss Ada Reed, head of the English department, is producing this.

The French Club met with Irene Nevers on March 1. The program was:

Duet .... Celestine Judkins, Arnold Hasty
Anecdotes .... Francis Rich
Tableau .. Horace Brown and Marion Bennett
Anecdote .... Henry Favor

After the program, games were played and refreshments were served by Mrs. Nevers.

History repeated itself here last Friday when the Norway boys defeated the Gould's Academy boys 27-25. The Norway boys proved superior in passing, but the Gould's boys had better luck in their shooting. With half a minute to go, H. Walker of Norway got a long shot which gave Norway the game. Brown, of Gould's, was the star of the game and tallied 15 points for Gould's.

Father and Son's Banquet

Boys in the agricultural class served a banquet to their fathers and guests at Norway Grange Hall, Saturday evening. Sixty-five attended and did full justice to a menu that included chicken pie, mashed potatoes, hot rolls, ice cream, cake and coffee.

Interesting exercises followed, with Principal George Lord the toastmaster. Supt. W. H. Edminster gave a history of the agricultural course and what the alumni are doing. Albert A. Towne spoke interestingly on the topic "Value of the Course." Asa Packard, one of the Aggies, entertained with remarks and stories. Edward H. Brown, the instructor, spoke from the standpoint of an agricultural education for life work. Harry Walker, a student, explained his turkey project and Clayton Hall, also of the class, told about his profits in a sweet corn project.

Frank P. Washburn, State Commissioner of Agriculture, localized his address using the topic, "Advantages of Agricultural Education and farming enterprises in Oxford County.

Some of the fathers were called upon for remarks, Frank A. Decoster spoke on the standpoint of having two sons in the course. Others to respond were W. H. Walker and George M. Bachelder, who spoke along general farming with reference to shorter hours for the boys on the farm to compete with the bright lights of the town.

FEBRUARY, THE MONTH OF PATRIOTISM

During February, Patriotism is the keynote in teaching. In one of our primary rooms the teacher made an attempt to teach her "Little Citizens" the meaning of the flag. So the morning talks were about "Our Flag," poems taught, children impersonated the flag, questions asked and answered, flags were modeled and drawn, etc. Hoping some of the thoughts were being absorbed, the topic 'Our Flag' was given as a language lesson, asking for stories to be made with their letters. The following are a few of the stories found:

"It rwls our land and we are free." —David. (If you object to the spelling of rules, please sound it and see if you blame the lad. The teacher didn't.)

"Our Flag and Your Flag"—Robert E.

"The American Flag is Nice."—Wesley.

"Flags are beautiful and they have many colors."—Louise.

"The flag says be brave and true."—Peter.

"Our flag is the best thing in the world."—Burton.

"I am a little girl and I love my flag." —Frances M.

"We stand for the flag."—Keith. (Best ever).

Many more very good stories were found and perhaps a wee step was taken toward good citizenship.

Village Corporation Meeting

The annual meeting of South Paris Village Corporation was held at Association Hall, Tuesday evening with an attendance of nearly 300 with Dr. D. M. Stewart, moderator. Alton C. Wheeler was first choice but declined to serve, because of a part he might take in the water question. There was no contest in electing officers, except a third member of the Water Commissioners. O. K. Clifford, who had served one year was re-elected for three years over E. W. Cummings. Total vote cast 205, O. K. Clifford received 157, Mr Cummings 47. Meeting lasted about two hours and a half.

Corporation officers for the ensuing year are as follows:

Articles relative to police, installing a light near Leslie Mayhew's house on Park street and abating the taxes on the brick building now under construction by W. G. Pratt were passed over.

4 Per Cent And Absolute Safety
Money deposited in our Savings Bank doubles in less than twenty years. There is no variation in value to the Depositor of the Principle at any time, regardless of outside market conditions. A Depositor can get his Principle and Interest whether prices of securities are high or low. The Bank has to stand that variation. Is it not better to be Safe at a fair rate of interest, 4%, than to take chances on investments with which you are not fully convers. ant?

PROFIT---or Loss
Are you giving your fruit trees a fair show? Are you helping them to produce the A grade fruit?
The profit in orcharding means helping the trees to produce the A grade and reducing the culls to a minimum. Culls and cider apples represent the lost profit.
It is an acknowledged fact that one cannot raise good clean apples in this locality without protecting the fruit from insect and fungus disease.
We are now making up our orders for spring shipment. Drop in and let us help you plan an orchard schedule.

Putting *Teeth* in Separator Claims

TALK is cheap, and it is easy to make extravagant claims. This is true of cream separator claims. If there is the slightest doubt in your mind which separator really does skim cleanest, just try this simple test:

Put a De Laval side-by-side with any other separator of approximate capacity. Your De Laval Agent will gladly arrange this test. Mix 20 gallons of milk thoroughly and let it stay at normal room temperature of 70 degrees. Run half through each machine. Wash the bowl and tinware of each machine in its own skim-milk. Then run the De Laval skim-milk through the other machine and vice versa. Weigh and test for butter-fat the cream that each gets from the other's skim-milk. When you do this you will know beyond doubt that the De Laval skims cleaner, is easier to turn and more profitable to own.

The new De Laval is the best cream separator ever made. It has the wonderful "floating" bowl—the greatest separator improvement in 25 years. It is *guaranteed* to skim cleaner, run easier and last longer. It is the crowning achievement of 48 years of separator manufacture and leadership.

Liberal trade allowances made on old separators.

Lesson for March 7

JESUS WASHES THE DISCIPLES' FEET

LESSON TEXT—John 12:1-17.

GOLDEN TEXT—"The Son of Man came not to be ministered unto, but to minister and to give His life a ransom for many."—Matt. 20:28.

PRIMARY TOPIC—The Loving Service of Jesus.

JUNIOR TOPIC—The Loyal Service of Jesus.

INTERMEDIATE AND SENIOR TOPIC—Jesus Dignifies Loyal Service.

YOUNG PEOPLE AND ADULT TOPIC—The Spirit of Christianity Illustrated.

With this chapter we enter into the very holy of holies of the book, namely, the inner revelation of Christ to His disciples.

I. Jesus' Amazing Love for His Own (vv. 1-3). Jesus was fully conscious of what was upon Him. He knew that the cross with all its anguish was just before Him. He knew that His disciples would shamefully forsake Him within a few hours. He knew that one of that number would be the instrument in the hands of the devil in His betrayal. He knew that all things were in His hands—was fully conscious of His deity. He did not withdraw His love from them because of their weakness and the shameful failure which He knew would soon be made manifest. "He loved them to the end"—to the uttermost. True love does not consider circumstances or the shortcomings of the person loved.

II. Christ Washing His Disciples' Feet (vv. 4-11). This act is symbolic of His amazing love for His disciples. Jesus did not regard His hands too holy to do this menial service.

1. Steps in This Service (vv. 4, 5). (1) He arose from supper. (2) Laid aside His garments. (3) Took a towel and girded Himself. (4) Poured water into a basin. (5) Washed His disciples' feet. (6) Wiped them with the towel wherewith He was girded.

These steps symbolize Christ's work of redemption. His rising from supper represents His rising from His place of enjoyment in the heavenly glory. His laying aside His garments is putting aside His vesture of majesty (Phil. 2:7, 8). His girding Himself is taking the form of a servant in the incarnation (Phil. 2:7). The water in the basin, His cleansing blood. His washing their feet, their sanctification by actual cleansing men through His Word (John 15:3; Eph. 5:26). His taking His garments again, His return to His place and position of glory (Luke 24:51).

2. Peter's Impetuous Ignorance (vv. 6, 9).

He goes from one extreme to the other. His failure to understand the significance of this service caused him to behave strangely.

3. The Significance of This Service to Those Who Participate in It (vv. 10-12).

(1) It Is a Spiritual Cleansing (v 8). Fellowship with Jesus is only possible as we are continuously cleansed from our sin. "He that is washed needeth not save to wash his feet but is clean every whit" (v. 10). The cleansing here is not the washing of regeneration (Tit. 3:5), but that of sanctification (John 17:17). Even regenerate people need the continual cleansing of Christ's blood in order to have fellowship with Him. He that is regenerated—washed in the blood of Christ (symbolized by baptism) does not need a repetition of the act; he only needs the cleansing of sanctification symbolized by the washing of the feet. After regeneration, as we go through this world we are contaminated by its sin.

(2) A Badge of Brotherly Affection. This act showed His abandonment to the service of His own. This is a lesson that is much needed today. We need more and more the fulness of brotherly love. Only can true love be proved by the service it renders.

(3) A Proof of Humility.

This was a lesson much needed by the disciples and much needed by us all. They had just been disputing as to who should be the greatest in the Kingdom. Their selfish motive was expressing itself. Christ's action was a concrete expression of His Spirit.

(4) Equalization.

As they would thus stoop to serve each other in the name of Christ there would be the sure destruction of caste among them. Such service in the spirit of Christ is the great leveler of humanity.

III. An Example for Us (vv. 12-17). The disciples of the Lord are under obligation to do to each other as He did unto them. This obligation rests upon His Lordship (v. 14). All who call Him Lord in sincerity will obey Him.

God's Way

God works in a mysterious way his grace as well as in nature, concealing His operations under an imperceptible succession of events, and thus keeps us always in the darkness of faith.—Fenelon.

Unites and Stills the Soul

Let the current of your being set toward God, then your life will be filled and calmed by one master-passion which unites and stills the soul.—Alexander Maclaren.

Thank You and Resolution Committees—Harland Hammond, Thurley Tucker, Richard Carter.

Following this Rev. Stanley Manning spoke on "Being a Leader." He brought out the facts that to be a leader one must be large of heart, mind and soul.

A picture of the conference attendants was taken on the steps of Gould Academy gymnasium. A cafeteria lunch was served at the Congregational church dining hall, which was much appreciated.

The afternoon was begun with a worship program led by Elizabeth Mason. Correlating our church's program for young people by Miss Ruth Carter. A very interesting discussion followed this, led by Miss Marguerite Pearman, the subject being "Can a Girl be a Christian and still be popular? It was decided that she could be popular and would be most popular.

Another set of separate sessions was conducted with the boys' and girls' class joining, class activities being the subject.

Miss Carter spoke to the third year delegates on "Leadership" and Rev. S. T. Achenbach to the adults on "Carrying On." Two exciting basket ball games were put on at the gymnasium between Goulds boys vs. pick up team and Goulds' girls vs. Paris girls. Goulds' Academy won both games. Between halves the "freshmen" of the conference had their initiation, which consisted of a few stunts and some singing.

At 5:30 a splendid banquet was served in the congregational church along with a lot of cheers by each church and all the conference people. The toastmaster was Mr. Brazier of Gould's Academy. The speakers were Professor Hanscom, Rev. S. T. Achenbach and Miss Ruth Carter.

Back to the Universalist at 6:30 Miss Carter led the devotional service and the installation of the new officers. Rev. Olin B. Tracy gave the evening message to the young people, "What's Mine is Ours, Let's Share It."

At Odeon Hall, the six reel motion picture, "The Man Nobody Knows," by Bruce Barton was presented. This showed the places where Jesus lived and worked, in fact it showed his whole life.

The final word with the clasp of friendship closed one of the best young people's conference in this state. It was a beneficial gathering where everyone was friendly with each other and every one learned how to live a better, broader life.

Fryeburg Town Meeting

March the first, 'neath a leaden sky,
Embraced friend wife, and waved good-bye
To the kiddos clustered around the door,
For, it's off to the old Town Hall once more,
Off like a flash, from the old front yard,
We traverse the Bradley Boulevard
And on Main St., what a merry ride,
Which makes friend Gaffner beam with pride,
As 'gainst the dasher, the snowballs knock,
"You can tell," says he, "she's pedigreed stock."
I'll say 'twas a true ejaculation,
For our long ride proved of short duration;
And it seemed just 'scarce no time at all
That we drew abreast of the old town hall.
We'll say we're ready once more to mix
At the old town meeting of '26.
We'd hardly greeted a dozen friends
When a constable to the rail ascends,
And reads the warrant, but was glad to travel
When Buzzell relieved him of the gavel.
For Buzzell, friends, is right at home,
He's cool as a winter day in Nome,
And to 'moderate' at our meeting's fun,
Chan's surely great (more ways than one),
We chose Miss Abbott once more for clerk,
It shows the townsmen like her work,
Our s'lectmen could scarce conceal elation,
When re-elected by acclamation.
Elmer Baker to act as first,
No other as chairman is so well versed;
With Noah McDonald a friend in need,
(Who in lumbering circles is called 'Big Swede"),
And Simeon Guptill, whose words are few,
But mighty dependable, tell you.
You'd scarcely pick, throughout the state
A better town triumvirate,
For treasurer, Warren as of old,
A truer servant was ne'er enrolled,
And school board—who'll the town elect?
Can't do much better, we expect
Than coax right back B. W. Tinker,
Who's both a doer and a thinker.
Road commissioner's next in view,
'Still' Parker'll still command his crew,
While Clarence Osgood sets the pace
In a merry scrap to retain his place.
Right here George Walker was heard to sigh,
And thought the salary much too high;
But applause expected was somewhat tardy
And the only supporter he found was Zardy.
The taxes were sold to the lowest bidder,
A job for the ladies to consider,
It seemed that the bidding would never end,
'Twon't bother the victor much to spend
Her salary (just ask one of the men,
Our last collector, Fessenden).
But when Olive said 2 mills and a half
She received at least, a hearty laugh.
The townsmen voted with one accord
For F. E. Haley as fire ward,
Hugh Hastings, Ridlon and Osgood Pike
Have landed jobs that they all like,
For viewing fences is pleasant work,
We hope that none of the three will shirk,
But we know Jim Eastman'll be down at the mouth.
For he lost that job, by going South.
Raising funds—next on the docket,
Here's a touching question (to touch your pocket),
But better to grin, my friend, than pout,
As long as the surplus funds hold out.
We raised a thousand to tar the roads
So they wont' be gutted by heavy loads,
'Dave' Bradley thought it too much to spend,
Says: "If this's the beginning, where is the end?"
Another very important grant,
To fix the street past the 'Fliver' plant,
Which shows that the town has at last 'got wise'
To the importance of that vast enterprise.
The village fountain must stay where 'tis,
To be side-swiped by each passing 'Liz,'
To essay this corner is called 'some stunt,'
But it may be useful to keep 'eyes front.'
Though it's unartistic and out of line,
But if our fellow townsmen want it. "Fine."
The trial 'beacons' were all rejected
But one of cement for Smith St. selected,
And then P. Morrison showed some heat
O'er road construction for Warren St.
But Jameson's motion was duly noted,
And Perley felt better after they'd voted,
And thus each article was unfolded,
Each into town history moulded.
Village schools were well provided,
Education funds divided,
Music, text books, physical training,
Sundry other things remaining.
River banks to view and rubble,
Patch 'em up, 'twill save much trouble,
Else some spring high-water day,
Surging Saco seeks to stray,
Thoughts like these should cause a shiver,
"Weston's Bridge without a river!"
Just one word about the feed,
Sisters are a friend in need,
Most years I feel sort o' 'shamed,
'Count of custard pies I've maimed,
But this year with 'Boner' by me,
Not so many folks could eye me,
For though I sickled in 'courageous,'
Boner's appetite was outrageous.
Town meeting's o'er, so folks, thank heaven,
I'll 'shut up' 'till '27.

Oxford County United Parish

Did you see the telegram of condolences that was sent by the Key West Chamber of Commerce to the Boston Chamber of Commerce after one of the blizzards earlier in the season? Did you see, too, the message that was sent back? Instead of being downcast by the deep snows, the answer read, "Your sympathy is misplaced. That roar you heard was the laughter of the thousands upon thousands of New Englanders and their guests from every clime, who are finding glowing health and glorious contentment on the glistening white slopes of New England. Should you wish a blood-tingling thrill, New England's portals are wide. Switzerland in season, Florida in season, and New England any time." So does the Chamber of Commerce boom New England. So we are going to boom the Oxford County United Parish. On Saturday, North Waterford's portals open wide and we are going to spend the day enjoying ourselves to the full extent. On that time is to be held the First Annual Winter Carnival of the Oxford County United Parish. Now let us tell you something about it.

The program for the day starts at about 10:00 in the morning. One of the first events will be the ski jump. You will want to be around to see that. There will also be some other contests before dinner, including some of the long distance runs. Then at 12.00 dinner will be served in the vestry of the Church. A chicken dinner is going to be served by the ladies of the Church and Parish. During the afternoon the rest of the sports will be run off. There will be dashes, relay races, obstacle races, a side-splitting "penny race" for the children, and a tug of war in the snow, which may prove just as funny for their older brothers. We are hoping that some of the nearby high schools and academies may be represented by relay teams. If onv one or two have fast horses, we would like to have a "Farmers' Race" at least. If you have any trained dogs, bring them, or if you are expert at ski-jooring, bring your horses and try it out with each other. Well, you see we want to have all sorts of races, and we will have enough classes for all, young and old will have a chance to enter. Here is word here that it will be well for you to note. There is no entrance fee for any of the races. We hope everybody will buy one of the Carnival pins. With each button you buv you will get a vote for the Carnival Queen. You will be admitted to all the outdoor sports. Then in the evening it will be worth just what you paid for it, as you will see later, for after the supper at the Grange Hall, served by the North Waterford Grange, there is to be a big time at the Odd Fellows' Hall. First of all there will be the crowning of the Carnival Queen, and the awarding of the prizes. Just a moment, we were taking about the buttons! Show your button at the door and if you are a school boy or girl, you will be admitted free of charge If you are older, just pay a small price to see the Queen, and the big show. If you have no button, the admission will be a little more.

The crowning of the Queen will be followed by another one of the crowning events of the day: the famous play. "Deacon Dubbs" will be presented by the famous players of North Waterford. In this play you will have a chance to see some of the old favorites. You wil lalso have a chance to see some of the new stars that are just coming above the horizon for the first time. The play will be followed by some games and a social time, if the hour permits.

This in brief is just a bit of the program for the day. This is our first try. Let us all try to make this such a success that we will be looking forward to it as an annual event. It will mean a happy day for us all if we will only come, eager to enter into the sports, to have a good time with our friends, and try to make everyone else have a good time. One of the good speeches in the town meeting at Waterford was crowded out at the very end and so was heard by only a very few. Much was said during the meeting about booming Maine, and our town. The speech (it was a young lady), was this: "Come to the Carnival Saturday, and boom Waterford." Come and boom not Waterford alone, but Albany and East Stoneham.

Well, there are some other things we would like to talk over with you, but we better not do it tonight. So good-night, and we'll see you Saturday.

Edward A. Tyler

Edward A. Tyler died Monday, March 1, at his home in Oxford, the Cold Water Brook farm. He left his home in South Paris where the family have been spending the winter and went to Oxford on that day to remove the snow from the roofs of the farm buildings. As he did not return home at supper time, two of his sons, Alfred and Cecil, went to look for their father and found his body hanging in the stable. Mr. Tyler has been in failing health for two years having suffered a complete nervous breaking down in the fall of 1924. Although the best doctors from all over the state were consulted, only temporary relief was obtained.

He was born in Groveton, N. H., Oct. 26, 1870, the son of Wellington and Jennie Tyler. When a young boy he went to Norway and attended the Norway high school, graduating from there in 1895, after which he taught school for a number of years. Dec. 23, 1899, he married Miss Lula M. Whitman, daughter of Mr. and Mrs. Albert Whitman of Oxford. They made their home for some time in South Paris, where Mr. Tyler was employed by the Paris Manufacturing Co. Later they purchased the little farm at Cold Water Brook, Oxford. Their house was burned in the spring of 1914, but not getting discouraged they built another house where the family has resided until last fall when they moved to South P ris on account of Mr. Tyler's health. He never joined any orders as his family was his all. His home was everything to him. His last thoughts were for the members of his family as he removed all the snow from the home buildings a few moments before ending his life.

Mr. Tyler has been employed at the factory of the Mason Manufacturing Company for the past twelve years where he was held in the highest esteem by his fellow work men. He leaves to mourn their loss besides his wife, three sons, Alfred W., Cecil A. and Elbert E., also a half brother, George E. Frost of Lewiston.

The funeral was held Wednesday afternoon at Spiller's Funeral Home, Norway. The flowers were many and beautiful. The body was placed in the tomb in Pine Grove cemetery, where burial will take place in the family lot.

A series of dancing parties by special invitation of the South Paris members will be held in Odd Fellows banquet hall, the first to be held Thursday evening, March 11 at the usual hour. Fred Smith of Norway will arrange transportation for the Norway guests.

Mr. Porter has been at this location nearly forty years and one of the oldest traders in point of continuous service in one location. He is not yet decided as to his future business.

Shaw will hold a dance for old and young at the Grange hall, Saturday night. The strictly old fashioned dances are held every Tuesday night.

The parish meeting of the Universalist society will be held Monday evening, March 8.

This show is one of the latest and best of the firm's offerings, and will be seen here exactly as it was shown in New York with all special scenery, costumes, etc. It gives promise of being the best show of its kind ever presented here. Story of The Heywood Club

"GRAM" DUNHAM'S HOME CLUB

On October 20, 1903, the ladies of Crockett Ridge (or district No. 8, as it was then known) met with Mrs. Lydia Titcomb and her daughter, Mrs. Addie Thurston to organize a club, to promote Sociability and help in all charitable work. The following names were the original charter members:

Mrs. Evis Allen
Miss Eva Bradbury
Mrs. Sarah Morse
Mrs. Louisa Richardson
Mrs. Hattie Tubbs
Mrs. Ellen Thomas
Mrs. Inez Freeman
Mrs. Eleanor Buck
Mrs. Sarah Farnham
Mrs. Emma Dunham
Mrs. Addie Thurston
Mrs. Lydia Titcomb
Mrs. Calista Richardson (mother of "Gram" Dunham).

The first officers of the club were:
President—Mrs. Addie Thurston.
Vice President—Mrs. A. W. Thomas.
Secretary—Mrs. Sarah Morse.
Treasurer—Mrs. Fannie Dinsmore.

Meetings were held every two weeks at the different homes and the name chosen at that time was "The Benevolent Literary Club" or until a better name could be found (the records read).

Patch work quilts were made for "The Old Ladies' Home in Norway" that year and readings from Stoddard's Lectures, quotations, songs, etc., formed their programs.

The following year (1904) it was voted to include Millettville ladies in this club. With the increased membership from the two neighborhoods more work was done and greater interests and activities.

The Crockett Ridge school reunions were sponsored and financed by them, suppers and fairs were held at the different homes to raise funds and increase sociability.

It was during this year that the club joined "The Federation of Women's Clubs" and it was due to this fact that they finally settled on the name of "Heywood Club" as a permanent name. This name was proposed by Mrs. Sarah Morse in honor of John Heywood, the English writer.

We note quite a list of magazines were subscribed for by the club. These magazines had a list of club names pasted to the covers and as they went from home to home names were crossed off.

Community Xmas trees were held and every worthy cause got a helping hand from the Heywood Club.

In 1906 the club voted to build a hall and Mrs. Fannie Dinsmore solicited funds from the families in the two neighborhoods getting about $150 for the start on the club hall.

The following building committee was chosen: Elhanan Tubbs, Harry Jackson, Wm. Allen, with Horace Dinsmore as boss carpenter. Land for the hall was given by Horace Dinsmore and deeded to the ladies of the Heywood Club. Suppers and old fashioned dances were held every two weeks at the homes (at first) and in the hall as soon as it could be used, to raise funds to pay for the building. All the work on the building was given by the men of the neighborhood.

On July 10, 1907, Heywood Club hall was formally dedicated by a big supper and address of dedication by Judge Chas. P. Barnes, now of Houlton, formerly of Norway, followed by "old time dances" with Mellie always at his place at the "fiddle" and until the hall was completed and paid for his time was always given free.

From then until today "old time dances" have been held off and on at the hall with Mellie always to play. The hall is used for school entertainments, wedding receptions, surprise parties, in fact anything in the community. According to the by-laws of this club, no member can hold office over two consecutive years, hence every member has held important office and has been a good worker.

With an active membership of less than twenty members, Heywood Club intends to do its part in boosting it's state, it's town and it's own home people, "Mellie and Gram Dunham."

Mellie's neighbors are fearful lest the club house is superseded by a dance hall on Mellie's property as was suggested in the Mellie-Gram column.

A touch of romance clings to the Heywood Club house and many who have gathered there for years are not reconciled to any plan which may detract from the memory of the past. It is pointed out that the building is almost a shrine and the past events so interwvoen with the affairs of the Dunhams that another hall would not offer the same hospitality.

After the club house was completed the question of horse sheds came next. Eleanor Buck, Albert Richardson and Horace Dinsmore, who lived near the club house, were always kind and accommodating and furnished barn room for teams until the club members had earned sufficient funds to buy material to build their horse sheds. The men then turned out and together built the sheds for the club, also they built long tables for us and enjoyed the merry dances and social times held there in the past, and which we hope to renew in the future. We have recently bought a cook stove, also had a carpenter, with the help of friends and members put the club house in good repair. Our club meetings are well attended every two weeks and on literary work and entertainments are being made interesting. We are looking forward to the future of improvement and betterment of our club in every way and a glad welcome for Mellie and Gram.

In this hall Mellie and Gram's daughter, Pearl Dunham Noble, and her children found entertainment and good cheer. Cherry Noble is now the leading musician of the club, having learned her first lessons playing with Dunham's orchestra at community dances in the hall. For these reasons sentiment clings to the building and will from now on be perpetuated. Neighbors feel confident that Mellie and Gram will cling to the club house for its cherished memories.

The Terhune cottage at the lake was the scene of a pleasant week end party. The party was made up of Dr. and Mrs. Wilford N. Swett, Mr. and Mrs. Perley May, Mr. and Mrs. Bill Regan of Auburn, Miss Elizabeth Bartlett, Charles F. Cummings, Miss Beatrice Ford, Miss Winona Flanders, Albert Nutter, Guy Rowe and Miss Ruth Akers.

George H. Robertson has been threatened with grippe and confined to his home several days.

Mrs. Everett Bicknell, who makes her home with her daughter in Waterbury, Conn., has gone to Norwood, Ohio, for a long visit and is located at 4021 Madison Avenue.

Norway Town Meeting

American Legion Memorial Building Will Be Completed—Town Will Own a Tractor Road Machine—Business Transacted in Two Hours.

Business at the annual meeting in Norway Town Hall (Opera House) Monday, was transacted at top speed with Henry B. Foster as moderator. About everything recommended by the Budget Committee went sailing through. A little opposition appeared in the election of town clerk when Donald B. Partridge defeated Wilfred G. Conary for that office. Total vote cast was 98, Mr. Partridge received 72 and Mr. Conary 26.

Discussion developed when action was taken on buying a tractor road machine and raising money for the evening school. A little flurry appeared on the American Legion building question.

Robert F. Bickford was elected to succeed himself as treasurer and tax collector. Fred G. Dunn succeeded himself as selectman for three years and Albert A. Towne was re-elected a member of the school committee for three years. Donald B. Partridge succeeded Charles L. Bartlett, who declined to enter the race for a second term as town clerk. S. W. Goodwin and Dennis Pike were re-elected as trustees of Norway Public Library for three years. Harry E. Lovejoy, Albert A. Towne and E. S. Abbott were retained in office as road commissioners. There was a slight shaking-up in the list of constables who served last year and brought about on the citizens ticket that had a clear field. W. A. Bicknell was elected auditor.

Town officers for the ensuing year are as follows:

Clerk—Donald B. Partridge.
Selectmen, Assessors and Overseers of the Poor—George F. Hathaway, H. Arthur Robbins, Fred G. Dunn.

Voted to raise $500 to widen the road and blow out the ledges at the top and around the curve of the hill below Jackson's goose pond in Millettville.

After some discussion which brought out pointed comments, a vote was passed for the selectmen to purchase a tractor road machine and $2,000 was raised for that purpose.

Concrete sidewalks will be extended and $1,000 was granted for the work.

The sum of $1,000 was raised to retire Cottage street improvement bonds due serially, and the same amount granted to retire Maine and Paris street improvement bonds. One thousand dollars was voted to retire one of the serial school house notes.

Cullinan and Herbert F. Andrews were chosen a committee to act with the officers of Wm. Henry Stone Post American Legion. The vote in favor of granting the sum was about four to one, total cast 99, "yes" 79; "no" 20.

The article to raise $250 to purchase the traffic signal light at the corner of Main and Paris street was passed over. Last summer this beacon was installed on trial by the manufacturers or their agents. The selectmen provided material for the flame until fall, since then a red electric light connected with the street circuit has given warning from the signal post.

Voted that no sum be raised for abatements.

The sum of $400 was raised for advertising our natural resources, advantages and attractions. Three hundred dollars will be given the state and $100 devoted to Norway publicity.

SOUTH PARIS TOWN MEETING

Moderator—Walter L. Gray.
Clerk—Robert W. Wheeler.
Selectmen—Harry L. Emery, E. Berton Curtis, Robert E. Shaw.
Treasurer—Charles H. Howard.
Collector—Charles O. Barrows.
Road Commissioner—James H. Combellack, Scott O. Colby, Charles R. Briggs.
S. S. Com.—Earle R. Clifford, Percival J. Parris.

Town meeting Monday in Association Hall was a lively affair running six hours and more, with much of the time consumed in discussions and wordy arguments. Whether or not to exempt certain properties from taxation brought to the front several orators with a decision leaving the matter about where it started. It was voted to build the four bridges, three on the state highway to West Paris and one between Trap Corner and West Paris villages. A big crowd of voters and spectators taxed the seating capacity of the hall.

The warmest election was over road commissioner for the south end of the town. Whole number of votes cast 424; James H. Combellack received 268, Fred S. Bennett 154, scattering 2.

Harry M. Shaw was re-elected tax collector and received 104 of 105 cast. After the motion passed for three-quarters of one per cent as collector's compensation, he resigned, stating it could not be done for that rate. One per cent was formerly allowed. After dinner the meeting returned to the article. Mr. Shaw reconsidered his action of withdrawal and entered the contest with C. O. Barrows and John A. Titus. Two ballots were cast.

Whole number of votes.....338
Necessary to a choice.....170
Harry M. Shaw.....119
C. O. Barrows.....167
John A. Titus.....52

Second ballot:
Whole number of votes.....396
Necessary to a choice.....199
C. O. Barrows.....209
Harry M. Shaw.....150
John A. Titus.....37

The articles relative to concrete side walks and purchasing a tractor road machine were passed over.

It was voted to build a walk on the upstream side of the East Main street iron bridge, after the danger to pedestrians was shown. Amount raised for the job was $2,000.

Of the $150 appropriated for Memorial Day $35 was alloted for use at West Paris.

Exempting real estate from taxation brought a storm around Association Hall block after the new building at West Paris and the building under construction by W. G. Pratt, South Paris were eliminated. A discussion lasting nearly an hour brought out the feats that the Association block is not a profitable investment from a money standpoint, but a splendid thing for the community. Percival J. Parris was leader in the opposition to any exemption, stating that the method of exempting property from taxation is unequitable, illegal and immoral.

Articles to discontinue the courses in agriculture, domestic science and manual training were passed over.

The American Legion was granted space in Market Square for a world war memorial.

The selectmen were authorized to mark off cross walks at the curves in South Paris village and make traffic regulations.

Voted to instruct the selectmen to appoint a committee of three to decide what shall be done with the Shurtleff school house.

Earle R. Clifford was chosen a member of the school committee to succeed Albert D. Park, whose term expires and he wishes to retire after many years' service.

A formal vote was passed to refund the five per cent highway bonds by a new issue of 4½% bonds. The modertaor appointed Irving O. Barrows, Dr. D. M. Stewart and Clarence G. Morton to serve as a committee to sell the bonds.

Old Mr. Carter Helped by Simple Mixture

"After taking Adlerika I feel better than for years. At my age (60) it is ideal—so different from other medicines." (signed) W. W. Carter. Adlerika is a simple mixture of buckthorn bark, glycerine, etc., which removes GAS in ten minutes and often brings surprising relief to the stomach. Stops that full, bloated feeling. Brings out old waste-matter you never thought was in your system. Excellent for chronic constipation. L. V. Ashton, Druggist.

Stop That Backache!

Many Norway Folks Have Found the Way

Is a dull, nerve-racking backache wearing you out? Do you feel older and slower than you should? Are you tired, weak and nervous; find it impossible to be happy, or enjoy the good times around you? Then there's something wrong and likely it's your kidneys. Why not get at the cause? Use Doan's Pills—a stimulant diuretic to the kidneys. Your neighbors recommend Doan's. Read what this Norway resident says:

Miss Katherine Walker, 33 Water St., says: "A bad cold settled in my back and kidneys. I began to have trouble with a dull ache in my back that kept up for days at a time. This dull, steady pain across my kidneys was very trying, and I was worn out and didn't have much strength. Mornings my back was so lame and stiff I could hardly stoop. I used Doan's Pills from Stone's Drug Store and they soon rid me of the trouble."

Odd Fellows Minstrels Went Big

Packed houses greeted the Odd Fellows minstrels in South Paris, Thursday night and Norway, Friday night. There was fun aplenty, good music, pleasing novelties and attractive costumes. Everybody had a good laugh at the local jabs and the show went with the smoothness of regular performers, especially on Friday night.

The first part was a conventional minstrel setting with thirty male vocalists arranged in two rows and an orchestra of seven pieces stationed in the background. Four endmen had seats outside the main curtain.

An attractive stage setting had for a color scheme dark rose with green trimmings and a large three-link emblem in the back ground. The singers wore white Harlequin suits and peaked hats while the comedians appeared in black with white trimming. Little Miss Margaret Anderson of Norway, as Columbia and Master Ralph Stiles of South Paris as a soldier occupied seats near the interlocutor.

First Part

A strong chorus opened the first part with an overture of popular songs. "Mac" McDonald followed with a number of local whacks with the interlocutor, Eugene Lowell. Other black face comedians loaded with side splitters were Lee "Julie" Holt, Ralph "Jake" Andrews and "Ken" Dullea. Affairs of both towns were thoroughly aired with a number of prominent citizens forced into the broadcast. The end songs were peppy. "Mac" sang a suggestive ditty "Show Me the Way to Go Home"; "Ken" Dullea put over "That Certain Party"; Red Hot Henry Brown" was "Julie's" contribution and the versatile "Jake" offered up-to-date advice in "Roll 'Em Girls".

Four ballads were rendered effectively. "Dear Little Home of My Dreams" was the first vocal number, and given by Morton V. Bolster. Harold Moore's effective offering was "Over the Rainbow Trail." James Combellack rendered the touching appeal "The Prisoner's Song" and Elon L. Brown offered the catchy waltz song, "Since You Called Me Sweetheart."

The finale was a patriotic novelty with a grouping of flags to the national anthem "Star Spangled Banner" sung by Master Stiles and Miss Margaret Anderson.

Members of the chorus during the first part were Arsene Blacquiere, Don Chapman, Bernard Cushman, Harry V. Cole, Roy Conant, Clyde Corey, Paul Croteau, Earl Farnham, Arthur Gammon, George Hall, Howard Jewell, Dwight Kilgore, Tom Kierstead, Arthur Morgan, James Perry, Warren Stearns, Pete Smith, Fred Wight, Alton Ames, Mr. Haskell and Mr. Wood.

Second Part

"Joshing the Janitor" was the "getaway" introducing Eugene Lowell as the "straight" and Jake Andrews the darky comedian. This was crisp crossfire with "Jake" at his best and the audience in an uproar. Jake had several curtain calls.

The Juvenile Quartet comprising Miss Dorothy Anderson, soprano, Miss Olive Dinsmore, alto, Irving Joslin, tenor and Francis Noble, bass, was a contribution of Norway High school. They responded to encores and made a hit particularly in their home town.

Miss Hazel Mosher, the dainty dancer of South Paris displayed much talent in an act that was cleverly done. She was not only graceful in expression but sprightly in acrobatics, all in perfect rhythm.

South Paris high school contributed three young acrobats in a display of agility and good form. They had a number of nifty stunts showing strength and team work somewhat beyond a class of the average amateurs. The performers were Lloyd Cutting and John Chandler. Charlie Stiles, billed as "A Piece of Foolishness" was the clown doing continually the wrong thing at the right time.

The Troubadours, comprising Lee Holt with a guitar; the Misses Althea Butters, Lillian DeCoteau and Dorothy Anderson, with ukes entertained with a medley of popular songs. Their colorful costumes were in keeping with their calling and the music was good.

An impersonaton of a real tough guy correlated to the East Side type was the offering of Miss Edith Joslin. Her vehicle was the melodious slang song, "Down By the Winegar Woiks." Dressed in sailor costume she carried the dialect and mannerisms of the real goods—hard boiled and sophisticated. Her act closed with that contortion spasm de-luxe—the Charleston.

The finale was an ensemble where the entire company appeared in a patriotic song setting "For the Stars and the Stripes and You." The Grand Army, the army, the navy and Columbia were represented in the foreground. Solo work was by Warren Stearns of Paris high school.

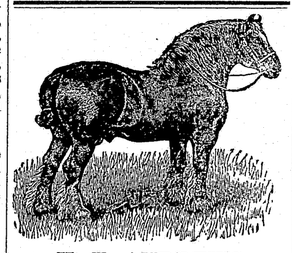

The show was carried along by a theatre orchestra, comprising Miss Helen Emeley, piano, Alfred Cota, violin, Allie Cota, trumpet, Clarence DeCosta, bass viol, Ray Newton, flute, Walter Stearns, baritone, George Soper, drums. Harold A. Anderson, the well known local director staged the show in conjunction with a committee from Mt. Mica Lodge and Norway Lodge. Edward Burnell applied the make ups.

A dance followed the entertainment Friday evening and a crowd remained to step lively for an hour or so.

Tanlac puts solid flesh on scrawny bones

How can you expect to get back your health and strength as long as your body is scrawny and underweight? Let Tanlac put some good solid flesh on your bones, put your stomach in shape to digest your food, purify your poisoned blood! Then see how much better you feel.

In our files are one hundred thousand glowing letters of thanks from men and women who have been helped back to health and strength by Tanlac. What it has done for these folks it can surely do for you.

Tanlac is Nature's greatest tonic and builder. It is compounded after the famous Tanlac formula from roots, barks and curative herbs. It gets right down to the seat of trouble and makes you feel right from the first dose.

Don't put off taking Tanlac another day. Don't go on dragging your poor, tired-out, sickly body around when this great remedy can bring you quick relief.

In cases of torpid liver, rheumatism, stomach complaint, lowered resistance, indigestion and malnutrition Tanlac will work wonders. Get a bottle this very day and start feeling better tonight. You owe it to yourself to try what Tanlac can do. For constipation take Tanlac Vegetable Pills.

Put On 30 Solid Pounds With Tanlac
"Nervous indigestion made me so irritable life was unbearable. In despair I tried Tanlac, though I had little faith in it at first. Now, I've gained 30 lbs., have nerves like steel and enjoy robust health."

Use window shades to tone the light

In order to produce pleasing tones in a room, light, shadows and color must blend together. By using window shades of a special blending color, not ordinary green or white, you can tone the sunlight, just as you do lamplight. This toned sunlight spreads a lovely mellowness over the room, making your furnishings look richer and lovelier.
Used Everywhere in Beautiful Homes
How decorators select window shades
Decorators who wish to use window shades of one color to harmonize with the exterior and another to tone with the interior are delighted with the new Twi-tone combinations in
Columbia WINDOW SHADES and ROLLERS

Bates was superintendent, she gave each on the honor roll a book. Last year no recognition gift was made. This year, three business men, who are interested in the school, namely: A. C. Perham, E. J. Mann and Harold Gammon, have pledged $25.00 for the work.

The Friendly Class of the Universalist Church who were going to give the play, "How the Ladies Earned Their Dollar" on Feb. 22, postponed it indefinitely on account of sickness. They had their annual class meeting recently and following are the officers:

A free supper and social was enjoyed by the Federated Sunday school and families represented, Feb. 23, at Grange Hall lining room. A Colonial supper consisting of old fashioned dishes, as baked beans, brown bread, sour milk biscuits, Washington pies, Indian pudding and cream, variety pies, molasses doughnuts, tarts and baked sweet apples. The decorations on the tables were lighted candles and when the electric lights were turned off for a few minutes, someone said, "O how did we ever see anything?" The hall decorations were flags with two large pictures of Washington and Martha Washington on large easels and a larger white board mounting of Lincoln in the center, with all the other presidents in smaller size surrounding it. The program consisted of:

Reading, "Washington's Farewell Address to the Armies of the United States" .....A. T. Hollis
Reading, "A Letter to Martha Washington" .....Harry Jacobs
Reading, "Washington's Great Example of Character Declares Pres. Coolidge in Address Yesterday" .....Martha Day

A social of games and singing was enjoyed by the young people.

A smaller gathering than usual was Pomona here on Tuesday, less than 150 in all, but a good time was enjoyed. A class of six or seven took the 5th degree in the afternoon. The speaker was Hon. George Wing of Auburn, who spoke on Electrical Power.. He was very interesting, especially to the older portion of the people. His purpose was for conserving Maine powers for the State of Maine. He explained "Mill" Act and gave examples of personal land rights. The rest of the program consisted of readings by Lucy Barrows, A. T. Hollis, who was called back several times, also one by Marjorie Chase. An original paper on "Plant and Soil Fertilization" which was very fine. A comic Rounds and character duet, also solo "The Prison Song" by Louvie Feabody. Two ladies' chorus pieces were sung, "State of Maine, My State of Maine" and "Boom Our State," also selections from Al Morse, South Paris and songs by Mrs. Annie Davis and G. W. Q. Perham of Woodstock, which were greatly enjoyed. The day was rough and stormy, but all who came enjoyed a pleasant time together. The Master Mr. Saunders, and wife drove down with a horse and sleigh, twenty miles, from Newry.

Quite a few from this vicinity went to town meeting at South Paris, Monday.

The Village Corporation Meeting was held in "City Hall" (the fire department building) Tuesday evening. Election of officers was as follows:

Moderator—Harold Gammon.

Assessors—1st, D. H. Fifield; 2nd, George Jackson; 3rd, Agnes Gray.
Chief of Fire Dept.—W. H. Emery.

The salaries of the various officers were arranged and voted. Voted to add another light on High Street where there is a dark spot, opposite Lauri Immonen's house; to raise $440.00 for street lights; to raise $50.00 and the rest needed to be taken from the miscellaneous account sufficient to buy more equipment for the fire department, such as rubber coats, hats, gloves, hand fire extinguishers and an alarm whistle that shall a more individual sound more easily distinguished from the every day mill and train whistle. Voted to raise $340.00 for 500 feet more hose. Voted to have a committee of three with the fire chief as chairman, to find out about the cost of extending the piping beyond Charles Bates' residence and other like affairs. Voted to give the library $100.

Last Thursday the chimney burned out at the M. E. parsonage and discovered just before it was going to burst through the roof. Only a silent alarm was necessary and the chemical engine stopped it. The Ladies' Aid decided that for the safety of the building and the neighbor's building, a new chimney was necessary, so the next day a mason crew was put on by James Boyce of South Paris and the chimney taken down and is being replaced by a new double brick chimney. Rev. E. H. Stover and his aunt, Mrs. Sheafe were somewhat frightened. Mrs. Sheafe went down to Ella Berry's to stay while the masons are there and Mr. Stover at H. L. Patch's. A series of food sales and other ways of earning money will be put on to defray expense of the new chimney.

Some repairs have been done in the Grange Hall dining room. H. A. Bacon and a crew of men from Bryant's Pond have finished the side walls with sheetrock window and door casings, and baseboards which greatly improves the room. The Grange are planning next to have a steel ceiling, but not at present.
